## Ray M. Hoffman Purchases Controlling Interest In Victor Products Corp. For \$96,900

Ray M. Hoffman, 36 N. Howard Ave., who has been affiliated with the Victor Products Corporation of Pennsylvania for 30 years and has been its treasurer for a number of years, on Monday purchased controlling interest in the company.

He purchased the block of stock owned by Mrs. Virginia Funkhouser Millard in the company for \$96,900.

At an organization meeting Monday following the transfer Mr. Hoffman was elected president and treasurer of the corporation. His daughter, Miss Margaret Hoffman, of New York City, was named vice president and secretary. She will remain in New York. Clarence McClell, Gettysburg R. 4, also affiliated with the concern for a number of years, was elected to the board of directors.

The three-member board includes Mr. Hoffman, John L. Millard, husband of Virginia Funkhouser Millard, and Mr. McClell. Mr. Millard, it was announced, will continue his association with the corporation.

President Hoffman announced this morning that McClell was elected assistant treasurer.

## NEW YORK CUTS CHERRY PRICE TO FIVE CENTS

Adams County cherry growers today expressed concern over the five cents per pound price for red sour cherries announced in New York state, as compared to the seven cents a pound price being offered by local processors. With New York ranking second in total tonnage of the five Great Lakes cherry producing states, processors said the effect of the announced price in New York state will be "felt throughout the entire cherry industry."

While the low New York price is expected to depress the price of the finished product, local processors said they hope to maintain the seven cent price here for the remainder of the season. The C. H. Musselman Co., Biglerville, said today that it will continue to pay seven cents per pound to its regular cherry growers.

Advantage Is Nullified  
With cherries ripening one to two weeks earlier here than in either Michigan or New York state, local processors normally have an advantage by being first to place canned cherries on the market. This advantage was nullified this year since canner cherry stocks were not completely exhausted at the start of this year's packing season, processors said.

The predicted USDA report for the five Great Lakes States of New York, Pennsylvania, Ohio, Michigan and Wisconsin is 121,700 tons as against the 10-year average of 105,437 tons. The combined Lakes States and Western crops are indicated at 134,300 tons—25 per cent above last year and 15 per cent above the 10-year average.

Last year's price to local growers was 10½ cents per pound as against a national average of nine cents. With a good crop in prospect and a slight carryover of last year's pick it became evident early in the season that last year's prices could not be maintained. Processing of the local crop has reached the half way mark with all plants operating at full capacity. High yields and good quality, with the exception of sun scald due to last week's excessive heat, are reported from all sections of the county.

## COURT OKAYS SCHOOL SALE

The Adams County Court Monday afternoon put its approval on the sale of the Pitzer's School House property by Cumberland Twp. school board to Arthur S. Nevins, Gettysburg R. 3, President Eisenhower's farm supervisor.

The schoolhouse rests on a little less than an acre of land at the "corner" of the Water Works Road joining the President's land on two sides. The other two sides face the road.

The sale price of \$4,200 was approved by the court and the township board was authorized to draw up and present a deed to the property to General Nevins as soon as the remaining \$3,700 on the \$4,200 purchase price is paid. A \$500 down payment had been made pending the court action.

Witnesses Monday held the price fair and higher than could have been obtained at a public sale. There were no objections raised in court against the sale or other bids offered.

## AMBULANCE AND TRUCK COLLIDE THIS MORNING

Damage amounted to approximately \$800 and no one was injured when the Gettysburg ambulance and a truck collided 2½ miles south of Biglerville at 10:45 o'clock. The ambulance with Luther Topper, Gettysburg R. 3, at the wheel was bringing 88-year-old George W. Slusser, Aspers, to the Warner Hospital. The truck, driven by Edwin A. Eckert, Biglerville, turned left as the ambulance started to pass. Damage to the ambulance was placed at \$700.

State Police, who investigated, said Edwin A. Eckert, 41, Biglerville, was traveling south in his truck. The ambulance, driven by Luther Topper, 45, Gettysburg R. 3, was also headed south, behind the truck.

Eckert was attempting to make a left turn into the driveway to a house he is building along the Biglerville-Gettysburg Rd. just as the ambulance started to pass the truck, and the two collided, police said.

Hauling Aged Patient  
When the vehicles came to rest, the backs of the ambulance and the truck were still on the highway with their fronts in the driveway.

The ambulance struck the truck "about at the dual rear wheels on the left side of the truck," the investigating officer said. Damage was estimated at \$100 to the truck, and about \$700 to the ambulance, which had damage to the right fender, hood and wheel.

At the time of the crash the ambulance was transporting George W. Slusser, 88, Aspers, to the hospital. Police said they understood that Mr. Slusser had been suffering from a heart condition for some time, and that his physician had decided it best to move him from his home to the hospital and the ambulance had been summoned for that purpose.

With the ambulance in an accident, the Gettysburg Fire Department Rescue Truck was called, and removed Mr. Slusser to the hospital where he was admitted. Topper and Eckert were unhurt, the officer said.

## LICENSED TO MARRY

A marriage license has been issued by the clerk of courts to Francis Ulrich Thomas Jr., son of Mr. and Mrs. Francis Ulrich Thomas Sr., Biglerville R. 2, and Leavato Mae Delap, daughter of Mr. and Mrs. Daniel E. Delap, Aspers R. 1.

## FINED \$50 FOR USE HERE OF FIRECRACKERS

The price for putting off firecrackers in Gettysburg remains a \$50 fine and costs.

Edward E. Shaner, 232 Baltimore St., Monday afternoon was the most recent defendant to appear before the Adams County Court on a charge of discharging fireworks in the borough and the fine imposed was \$50, the same amount levied on prior defendants. The charge totalled \$25.25. The charge had been brought by borough police.

A hearing on a charge of violation of the Oxford Twp. dumping ordinance wound up in a decision to argue, on September 19, the legality of the ordinance itself. The matter came before the court on an appeal by J. G. Aldridge, Hanover R. 5, from a charge of violation of the ordinance filed against Aldridge by Norvel Beaver, Oxford Twp. supervisor, before Justice of the Peace Gerald Orndorff. The case will likely be followed with close interest, court attendants held, because a number of county townships have adopted ordinances similar to the one adopted by Oxford Twp. forbidding dumping within their borders.

## TO ARGUE MILLER CASE

An appeal of Melvin G. Miller, Biglerville R. 1, on a speeding charge, also ended with September 19 set as the time for argument on jurisdictional aspects of the case. Miller told the court he had sought to waive a hearing before Justice Joseph E. Sunbury, Biglerville, but that a hearing had been held and he had been found guilty; that he had paid a fine, under protest, and then had posted double the fine and costs for an appeal, which the justice had sent through to the county. The testimony of the justice and Miller indicated that the two men apparently were under a misapprehension as to (Continued on Page 3)

## SENTENCE DEFERRED

Sentence in the case of George P. Brady, New Oxford, who appeared in York County court Monday on a morals charge, was deferred until examination can be made.

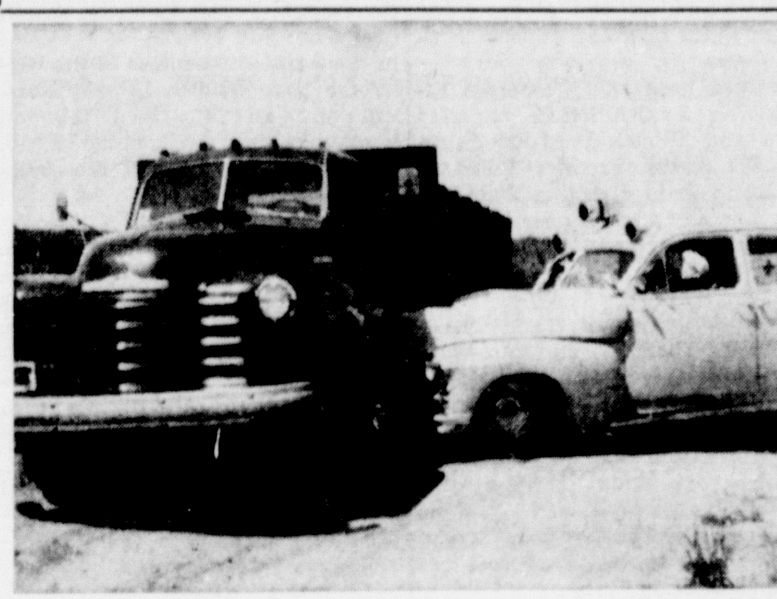

## COUNTY FINED

Clifford G. Chapman, Orrtanna R. D., was fined \$10 and costs by Justice of the Peace William Y. Nail Jr., Hanover, charged with disorderly conduct.

Guaranteed watch and jewelry repairs. Gay Jewellers, 10 Carlisle St., Gettysburg.

## Ambulance In Collision

No one was hurt but damage totaled about \$800 this morning when the Adams County ambulance collided with a truck 2½ miles south of Biglerville at 10:45 o'clock. The ambulance with Luther Topper, Gettysburg R. 3, at the wheel was bringing 88-year-old George W. Slusser, Aspers, to the Warner Hospital. The truck, driven by Edwin A. Eckert, Biglerville, turned left as the ambulance started to pass. Damage to the ambulance was placed at \$700.

## John L. Millard Removed To Hospital

John L. Millard, Second Ward Councilman, was removed to the Warner Hospital about 11:30 o'clock this morning in the fire department rescue truck. The hospital ambulance had been damaged an hour earlier in an accident on the Biglerville Rd.

Mr. Millard was ill Monday night and summoned his physician. This morning he did not go to his office. He arose, however, but later in the morning he retired to his room, complaining of not feeling well.

He was admitted to the hospital suffering from an acute coronary insufficiency. His physician said he will be a patient there for some time.

## DRAW JURORS FOR AUGUST COURT TERM

Jurors for the August term of court were selected by the sheriff and jury commissioners this morning at the Court House with 24 named for duty with the grand jury when it convenes August 15 and 48 selected for the petit jury which begins its duties August 22.

## ASSEMBLY FOR CHURCH GROUP CONVENES HERE

The fourth annual session of the Gettysburg Assembly for Church Workers is underway at Gettysburg College. Two hundred twenty-nine are enrolled for the six-day gathering sponsored by the Committee on Synodical Christian Education of the Central Pennsylvania Synod of the United Lutheran Church in America.

Dean of the assembly is the Rev. Arthur Yeagy, Harrisburg, assistant to the president of the synod and acting director of Christian education in the synod. Rev. Dr. Ernest J. Hoh, pastor of Emmanuel Lutheran Church, Lancaster, is the chaplain.

Four class sessions are held daily, offering 20 courses in Bible study, church history, youth work, church music, personal faith, teaching methods, art, drama, children's work, social issues and mission study.

Teachers include pastors and lay workers of the synod. Among those instructors from more distant points are: Rev. Fred Denbeaux, professor in the department of Biblical history, Wellesley College, Wellesley, Mass.; Rev. Dr. Richard C. Wolf, professor of church history, the Graduate School of Theology, Oberlin College, Oberlin, Ohio; Rev. Dr. Robert E. Van Deusen, Washington (Continued on Page 5)

## Call Out Firemen For Smoking Wires

Gettysburg firemen were called to the home of George A. Taylor, 84 Springs Ave., Monday afternoon, but their services were not needed. Two electric wires in the rear of the home had apparently crossed and short circuited and had begun to smoke.

Miss Miriam Taylor said that she saw the smoking wires and telephoned the Metropolitan Edison Co. and told them that the wires were afire, and asking for repair service. To her dismay, Metropolitan Edison called the fire department. But the wires had stopped smoking on their own accord when the firemen arrived.

## IN TOTEM-POLE CAST

Jack Thrush, son of Mrs. George H. Thrush, Springs Ave., has a supporting role in "Mr. Roberts," play that opened Monday evening for a week's run at the Totem-pole Theater at Caledonia. Mr. Thrush, who is a Dickinson Law School student who is spending the summer here as a law office clerk, is cast as a Navy lieutenant from Alabama.

## EVENTS AT CLUB

There will be a meeting of the Golf committee at the Gettysburg Country Club this evening at 7:15 o'clock and a meeting of the board of directors at 8:15 p.m. followed by a stag party where refreshments will be served.

## MEMBERSHIP DEADLINE FOR LEGION TONIGHT

Plans for a final membership drive for the year were made at the monthly meeting of the Albert J. Lentz Post of the American Legion Monday evening in the Post Home. Paid-up membership stands at 1,097 and officials were confident that it would exceed 1,100 by the midnight tonight deadline. Delegate strength at conventions is based upon the size of the membership at that time.

The Legion's state convention to be held August 10-13 in Pittsburgh was discussed. While delegates were not chosen, it was announced that "at least five" would represent the Lentz post at the meeting. Harold Wenz is the chairman in charge of delegate nominations and he will make his final report at the August 1 meeting of the post.

All Legionnaires and their wives were invited to the bimonthly meeting of the 22nd District of the Legion to be held Sunday at 2 o'clock at the Joe Stickle Post Home, Waynesboro. Daniel W. Shaub, department of Pennsylvania adjutant, will be the main speaker.

## Add New Members

A thank-you note was received from Donald McKenrick, whom the post sponsored at the Keystone Boys State in June. Notes were also read from the Dorsey-Stanton Post of the Legion, thanking the Lentz Post for participating in their parade May 29, and from the Adams County Child Welfare Service, thanking the post for a donation.

It was announced that the Honor Guard, during the last month, had participated in the funerals of Stanton House and Richard Kuhn, and in the June 30 firemen's parade here.

New members accepted were William B. Flaherty, New Oxford; William A. Codori, 141 Hanover St.; George P. Grawe, 135 Buford Ave.; Chester P. Reed, York; Eugene L. Davis, 342 York St.; and Joseph C. Staub, 31 Fourth St.

Commander Glenn L. Harner presided at the meeting. Twenty-three members were present.

## SCHOOLS WILL OPEN SEPT. 7 CLOSE JUNE 1

Public schools in the Gettysburg Joint School District will open on Wednesday, September 7, and will close next June 1 with the high school baccalaureate - commencement set for Sunday, June 3, according to the calendar for the 1955-1956 school year adopted Monday evening by the directors of the jointure.

Teachers will gather for a pre-school session on Tuesday, September 6, at 10 a.m. and schools will open the next day at 9 a.m. but will close at 2 p.m. for the first day's session.

The Thanksgiving Day recess will begin at 2 p.m. on Wednesday, November 23, and classes will resume on Monday, November 28.

## Extra Day At Christmas

Christmas vacation will begin Friday, December 23, and will end on Tuesday, January 3. First drawn to provide for re-opening schools on January 2, the calendar was changed to January 3 because Monday, January 2, will be observed by many as a holiday.

The first semester will end January 20 and the reports will go to the pupils on January 24.

Easter vacation will begin Thursday, March 29, and the classes will resume on Tuesday, April 3.

A number of days during the school year are listed for special observance in school. That list includes John Barry Day on September 13, National Anthem Day on September 14, Citizenship Day on September 17, Frances Willard Day on September 28, General Pulaski Day on October 11, Columbus Day on October 12, Veterans' Day on November 11, Dedication Day on November 19, Bill of Rights Week December 11-17, Lincoln's Birthday, Washington's birthday, Charter Day on March 18, Memorial Day, Wednesday, May 30, will be a holiday.

## Says John Wayne Gets Lincoln Role

According to Dorothy Manners, presently writing the Louella Parsons film column, John Wayne has agreed to play Lincoln in the forthcoming film, "Gettysburg."

The film has been adapted for the screen by Clifford Odets from the original by MacKinlay Kantor. Miss Manners reported Wayne jumped at the chance when he learned that the Gettysburg Adman, Abbottstown, exceeding a 35-mile speed limit zone.

## Ike Will Make Frequent Reports On Big 4 Talks

WASHINGTON (AP)—President Eisenhower today promised congressional leaders frequent progress reports during the Big Four conference opening in Geneva Monday.

The President also pledged that when the conference ends the leaders will receive "an appraisal of its accomplishments."

The President made the promises to 27 Republican and Democratic Congress members at a White House meeting.

The leaders declined to tell newsmen anything of what went on at the meeting. The reports probably will be relayed to the leaders by Vice President Nixon, who sat in at the White House session.

## SUPPORT PRICES FOR '55 WHEAT ARE ANNOUNCED

Support prices for 1955 wheat were announced today by Roy Weaver, chairman of the Adams County Agricultural Stabilization and Conservation Committee.

County support rates per bushel of No. 1 wheat include: Stored on the farm, \$2.27; stored at Starner's Grain and Feed, Hampton, \$2.16; at Cargill Incorporated, Marietta, \$2.18; at terminal warehouses in Philadelphia and Baltimore, \$2.304 and by Cargill Inc. at Albany, N. Y., \$2.38. The maturity date for the support is February 29, 1956, in all of the places except Albany, N. Y., where the maturity date will be March 31.

## Vote On Agreement

Chairman Weaver also reported that through ballots cast not later than August 19, producers will vote in a referendum to decide whether a national agreement should be made providing for a deduction from wool incentive and lamb and yearling sheep payments made to producers under the National Wool act of 1954. The deductions of one cent per pound from shorn wool payments and five cents per hundred pounds of live weight from lamb and yearling payments are to be used by the American Sheep Producers Council for advertising, promotional and related activities designed to enlarge and improve the market for products of the industry.

Producers who have owned sheep or lambs for at least 30 days any time since January 1, 1955, may vote. At least two-thirds of the producers represented by votes in the referendum must approve before the agreement can be put into effect nationally. The ballots are available at the local ASC office on York St.

## W. E. KNIPPLE, 40, DIES OF STROKE

William Edgar Knipple, 40, died at his home in Mummaburg Monday evening at 8:15 o'clock from the effects of a stroke. He had complained of feeling ill Sunday and became progressively worse Monday, and was attended by a physician prior to his death.

A native of the county, he had resided all of his life here, most of the time in Mummaburg. He attended public school at Mummaburg. For 12 years he had been employed by the Gettysburg Panel Co. and for the last several years was an equipment operator. He was last employed by Majland Brothers, Littlestown.

Surviving are his parents, Allen Ross and Mary (Miller) Knipple; his wife, the former Anna Elizabeth Topper, and five children, Charles, Floyd, Larry, Loretta and Kermit, all of Mummaburg.

Services at the Bender Funeral Home Thursday afternoon at 2 o'clock with the Rev. Mahlon Clarke, new pastor of Flohr's Lutheran Church, and the Rev. Amos Myer officiating. Interment in Evergreen Cemetery. Friends may visit the funeral home after 7 o'clock.

## TO GET HEARING

Harold Welsh, 233 Chambersburg St., has been jailed on a charge of assault and battery and is expected to be given a hearing shortly before Justice of the Peace Robert P. Snyder. He was arrested by borough police Monday evening at the Majestic Theater. Welsh is charged with assault by Russell T. Reinhardt, S. Washington St., in a dispute June 26 in Lincoln Square. Both had previously been fined for disorderly conduct as a result.

## TRAFFIC VIOLATORS

Continuing their drive on traffic violators, the Hanover police have arrested the following: C. Allen Brashears, New Oxford, operating a motor vehicle with an expired inspection sticker; Rita E. Smith, New Oxford, and Rodney Laughman, Abbottstown, exceeding a 35-mile speed limit zone.

CLEARANCE SALE! Cinderella frocks, sizes 8 to 14 and 16 to 18. Rose Ann Shoppe, 116-118 Baltimore St., Gettysburg.

## SHORTAGE OF TEACHERS IN PUBLIC SCHOOLS IS ANNOUNCED

With its list of unfilled teaching positions growing instead of being reduced, the board of directors of the Gettysburg Joint School District Monday evening went ahead with many other preparations for the opening of school in September.

Dr. Lloyd C. Keefeauver, superintendent of schools, announced the resignation of Mrs. Bertha Feather, who has been a Second grade teacher in the High Street building. The resignation was accepted by the board.

"We are now short four or five elementary teachers, depending on the first grade enrollment and some other factors," Dr. Keefeauver said. "And Mr. Lefever (G. W. Lefever, high school principal) has just told me that we are going to need an additional teacher in the high school."

"Besides that we still have no one for the positions in the high school as girls' health and physical education instructors." He called a meeting of the board's Teacher and Curriculum committee following the general board meeting. The committee was in session for about 20 minutes after the board meeting adjourned at 10:15 p.m. Mrs. J. B. Collins is the committee chairman.

## Lower Grades In Lincoln

So far the committee has been holding to an established policy of recommending only teachers who have college degrees and are qualified and recommended in the fields in which they will serve here. That policy in the past has placed Gettysburg among the highest ratings in the state on the basis of teacher preparation. Whether the current shortage of teachers will force the board to accept teachers with only "normal" or "standard" certificates was a matter of speculation.

The board authorized the Property committee to prepare Lincoln School for use in September by elementary grades. The building has never housed pupils below the Fifth grade. Extra water fountains will be installed, the playground fence repaired and other changes made to ready the building for pupils of the first four grades.

## Need Equipment

New equipment for the commercial department at the high school was ordered on recommendation of the Supply committee's study of bids they received. It was recommended to the school authority that the following new machines be bought for commercial rooms in the high school annex: an IBM electric typewriter at \$295; a Royal electric typewriter for \$295; a 21-inch electric typewriter, \$247.50; two types of adding machines at \$225 and \$243; voice writer, \$357; a lineatimer holder, \$19; a calculating machine, \$400 and files at \$83, for a total of \$2,165. The figures given were the low bids for the various items recommended by the committee.

More than \$320,000 in additional insurance was ordered taken on the Meade, Lincoln and old high school buildings and \$560,000 insurance on the new high school addition on recommendation of the Finance and Planning Committee following a study and conference with insurance representatives. The increases are to bring the buildings (Continued on Page 3)

## PREDICTS BIG DEVELOPMENTS IN AGRICULTURE

"With our growing knowledge of hybrid seeds and what we are learning in all phases of agriculture, we have made enormous strides in food production and land care, but the future development of agriculture will show it making as great a development within the next few years as is now being made in aeronautics and other sciences," William H. Kneppshild, Gettysburg R. 3, local representative of the F. S. Royster Guano Co. of Baltimore told the Rotary Club Monday evening.

Kneppshild, whose work in former years took him to many countries, said, "We in America have reached the point where our land available for farming is on the decline, rather than increasing. There are areas in the world that are soon going to put new land into use. I saw in Arabia the beginning of efforts to turn the desert into farm land by irrigation, and from what I saw it would appear that the desert there is probably among the world's most fertile soil, once water is brought (Continued on Page 3)

## CALL FOR HALT ON BUILDING AT USAF ACADEMY

By MORRIS CLEAVINGER  
WASHINGTON (AP) — The House Appropriations Committee called today for an abrupt halt to all construction work on the 125-million-dollar Air Force Academy project at Colorado Springs, Colo.

It said it wants the architectural design "more firmly established" before any more money is spent on the "West Point of the Air" formally dedicated at Denver ceremonies only yesterday.

The action was taken as the committee recommended to the House a money bill carrying more than 1½ billion dollars for a wide variety of federal activities in the bookkeeping year which started July 1.

**Design Is An Issue**  
The recommendation is subject to action by the full House, which follows the Appropriations Committee in such matters more often than not, and then by the companion Senate committee and the full Senate. House action is scheduled Thursday.

Not only did the committee refuse to approve 79 million dollars in new funds asked for the Air Force Academy, but it said none of the money remaining out of 15 million dollars appropriated earlier should be used for construction work until "a further specific request... has been approved by the committee."

Construction started last spring. The committee based its action solely on the proposed design for the academy, which has stirred criticism in Congress and elsewhere. The committee suggested that Secretary of the Air Force Harold E. Talbot consult on a design with the Fine Arts Commission, an advisory group to the government.

## LOCAL TEA HOUSE IS RECOMMENDED

Gettysburg's Dutch Cupboard Tea House, 523 Baltimore St., recently received considerable recognition when it was recommended by Clementine Paddelford, food editor of the New York Herald Tribune.

Miss Paddelford, in one of a series of articles on Pennsylvania Dutch cooking, said: "Tourists driving through the Pennsylvania Dutch country are disappointed often in not finding authentic Dutch food. . . . Where can one go to find a real Dutch meal? One place is the Dutch Cupboard Tea House, 523 Baltimore St., in Gettysburg."

WASHINGTON (AP) — The House Appropriations Committee today recommended a \$2,471,745,000 construction program at Army, Navy and Air Force installations during the next 12 months.

Projects for which money was proposed in a supplemental appropriation bill totaled \$553,880,000 for the Army, \$606,479,700 for the Navy, and \$1,311,385,000 for the Air Force.

## Davy Crockett Contest At Rec Field Thursday

A "Davy Crockett" contest for youngsters will be conducted by the Recreation Association at the Rec field Thursday evening at 7 o'clock, it was announced today.

Twenty children, selected in Thursday's contest as being dressed like Davy Crockett, will receive free tickets to a theater next Monday where a Davy Crockett film will be shown.

A finalist will be selected at the theater and will be awarded other prizes.

## May Offer Reds Nonaggression For Free Votes

LONDON (AP) — Diplomatic informants say the Western Big Three will offer at the Geneva summit conference to guarantee Communist Europe against aggression if the Russians agree to free elections to reunify Germany.

This, these sources reported last night, is the heart of peace proposals which experts of the three major allies now are putting in final form.

Sources here said President Eisenhower, British Prime Minister Eden and French Premier Faure will ask Soviet Premier Bulganin to join them in directing their foreign ministers and lesser officials to negotiate a step-by-step settlement providing for these major achievements:

1. Reunification of Germany.
2. Formation of an East-West security system to guarantee peace in Europe through strong nonaggression pledges.
3. Limitation and eventually reduction of arms and armies throughout the Continent.
4. Expansion of East-West trade.
5. An end to the East-West radio propaganda war.

The West reportedly still will insist that no European settlement is possible unless Germany is reunified, and that this must be done by the free, internationally supervised elections called for in Eden's proposals to the 1954 Berlin foreign ministers' conference.

The Soviets rejected the Eden plan but the Western experts were said to hope they can make their proposals more attractive to the Reds now.

## Second Half Of Giant Airlift Begins Today

Would Abolish Death Penalty

Assemblyman Francis Worley introduced a bill in the House at Harrisburg Monday which would abolish the death penalty in Pennsylvania.

The measure would substitute life imprisonment as the penalty for crimes under which the death penalty may now be imposed. Worley told the House the death penalty does not prevent major crimes, violates the Biblical injunction against taking human life, is socially wrong because it offers no opportunity for rehabilitation and is economically unsound.

Worley also offered a resolution signed by 10 House Republicans and 10 Democrats advocating disarmament by all nations "down to police levels" under adequate inspection by the United Nations.

FIFTY YEARS AGO

**Sewer Contract Awarded:** The regular July meeting of the Town Council was held Wednesday evening, all members present with President Plank in the chair. The minutes of the meetings held during June were read and approved.

Burgess Eicholtz was present and submitted his report for the month of June. The report showed that licenses amounting to \$137.00 had been collected from liveries, hackmen and automobiles, and 30 cents for building permit, making a total of \$137.50.

A letter was read from M. C. Fox in answer to a notice given him by the Burgess with regard to keeping the pavement clean in front of the First National Bank. Mr. Fox said that he was under no obligations to the Bank, and thought it unjust that he should be made to clean the pavement. A motion was made by Mr. Wisotzky, seconded by Mr. Beck, that Mr. Fox be again notified that he would have to keep the pavement clean.

Dr. Henry Stewart appeared in behalf of the Board of Health and asked that the balance of the year's appropriation — \$60 — and an additional appropriation of \$250 be appropriated to meet the expenses already incurred in handling the cases of contagious diseases existing in the town during the past month. On motion of Mr. Gilbert, seconded by Mr. Beck, the appropriations were allowed.

**Improvements:** The foundation walls for Prof. W. I. Book's new house on Carlisle street are up. Prof. John A. Himes, Carlisle street, has had a slate roof put on his house.

**Melvin Leas Drowned:** Melvin Leas, a 19-year-old son of W. G. Leas, a prominent lumber and business man of East Berlin, met death by drowning Monday afternoon in the big Conewago creek at the edge of the town.

Besides his father, he is survived by three sisters — Misses Flossie, Sara and Beulah Leas, at home.

**Mrs. C. D. Sell Dies Suddenly:** Mrs. Charles D. Sell died very suddenly on Wednesday morning at the home of her father-in-law, Daniel Sell, on East King street, Littlestown, from acute gastritis. She had left her home about 7:00 o'clock on the evening of the Fourth to go to her father's, Abraham Keagy, on the way she was overtaken with what was the cause of her death.

Deceased was survived by her husband, three sons and one daughter. She was a woman who had a wide circle of friends, a good Christian woman and devoted to her family.

**Young: Christian Baughman** Young, who had been in failing health for some time past, died at the home of his son-in-law, J. A. Holtzworth, N. Washington street, at 9 o'clock, Sunday morning, aged 68 years.

Throughout his life Mr. Young was a prominent gentleman. When a young man he taught school, and for some time held a Government position at Washington, C. C. For many years he resided with his family on the farm owned by him, along the Taneytown road, south of Round Top, leaving there and moving to town in the spring of 1904.

He was a member of the United Brethren church of this place, and was a regular attendant of the same as long as health permitted.

Deceased is survived by his wife and the following children: James of Mechanicsburg; Harry, of Harrisburg; Charles M. of Philadelphia, and Mrs. J. A. Holtzworth, of this place.

**Fairfield Items:** July 10. — Edward Swope, of Petersburg, Fla., spent a few days last week with his father, Col. R. C. Swope.

Rev. Stonebraker and Norman Walter represented the Reformed C. E. Society at the Baltimore convention. Rev. Ritter and wife represented the Lutheran Society. Miss Fannie Snyder, our popular restaurateur, spent Sunday

## Today's Talk

THE THRILL OF DISCOVERY

All our lives we may become discoverers! But it takes alertness and a desire and a purpose to become one — and the rewards are not only ample, they are running over. It is to those intrepid men and women who braved the forests, deserts and mountains, to open up what we now know as the West to whom we owe so much. They received their thrills, and it all paid for the hardships that they endured.

Robert Frost once told me of how he came to discover in one of his earliest poems "that something" that made him, then and there, decide to devote his life to the writing of poetry. How fortunate for us all that he did this decide! I can imagine the thrill it gave to him.

We think very little about it, but we are constantly discovering something about ourselves. Many a writer, engineer, scientist or traveler has discovered himself again and again! Doing this is what keeps driving us ahead. It's what feeds our curiosity and invites us to keep investigating. It's the thrill of discovery that gives to people the fascination of devoting themselves to some interesting hobby.

By careful and purposeful study, as well as observation, the time arrives when we can say with pride: "I can do that!" It always works. But the desire must forever remain alive. If you don't look for the thing you wish to find the desire itself dies. It is essential for us all to remain alert and interested.

Discovering a rare book, that you may have searched for over a period of many years gives one a rare thrill, but to discover a hidden talent for writing, for music or for creative work along some useful line gives one a thrill that has a world of satisfaction behind it. To discover that there is more good than evil in nearly every human being is really a discovery worth noting!

Tomorrow Mr. Adams will talk on the subject: "Planters" Protected, 1955, George Matthews Adams Service

## Just Folks

SPENDTHRIFT

A grandpa has a fearful time endeavoring to have a dime. Since down the years for it he

He knows that money should be saved.

But it takes courage not to stop with children at a candy shop.

He knows four quarters stored away

Will make a dollar any day.

And if he doesn't let them go his bank account will larger grow.

But nothing in a bank book shown

Seems better than an ice cream cone.

A miser's fortune, when he dies, Depends on pleasures he denies.

To children who desire them now

No lollipops will he allow.

But grandpas are a spendthrift lot.

They'd rather buy ice cream than not.

## Khrushchev And "Ivan" To Be Nudging Bulganin At Geneva

Editor's Note—Will the Soviet Union deal from strength or weakness at Geneva? The world wonders today as the summit conference nears. William L. Ryan, AP foreign news analyst, has made a thorough study of the factors that will weigh upon Premier Bulganin. This is the first of four stories giving Ryan's illuminating appraisal.

By WILLIAM L. RYAN  
AP Foreign News Analyst

At Geneva Marshal Nikolai Alexandrovich Bulganin will be fighting a desperate and perhaps decisive battle to save world communism from decay and ruin. The Western world, led by the United States, is within reach of an historic victory. It may be slow and unspectacular in developing, but it can mean there is hope for a real and lasting peace.

The silent ally of the West in all this is the ordinary, everyday Ivan, the John Smith of Russia.

**Bulganin's Predicament**  
Bulganin, strictly a political general, personifies the dilemma of the general staff of communism. At Geneva, Bulganin cannot attack without solidifying the free world's resistance to the Soviet Union. He cannot retreat without the danger of hastening communism's decay as a global conspiracy.

Bulganin will not be his own master. Nikita S. Khrushchev, the Soviet Communist boss, will be looking over one shoulder, representing the fears and ambitions of world communism. Looking over the other will be Ivan, the man largely responsible for bringing about this summit meeting.

Communism is in a pickle. The U.S.S.R. is its ideological anchor, its Mecca, its nerve center. It may lose that anchor as one of the long range results of the Geneva conference. The bloodless revolution under way in the Soviet Union can spell the beginning of its end as a monolithic world political force.

**Old School Dying Out**  
The United States seems to be proceeding on the assumption the Russians' recent moves are forced, and that they are truly anxious to talk about arms reduction. That is a good guess, and Ivan seems to be behind it.

Khrushchev seems indignant at the idea Moscow moves sprang from sheer necessity. But Ivan, along with a rising generation of impatient young Soviet technocrats, had much to do with forcing Khrushchev's hand. Ivan is a patriot, but he has little in common with revolutionary Bolshevism and little memory of it. The old Bolsheviks are dying out. Before long Ivan and his generation

## DIXON-YATES CONTRACT NOW "DEAD LETTER"

By JOE HALL

WASHINGTON (P)—The Dixon-Yates contract was virtually a dead letter today. But triumphant foes in Congress indicated they planned to keep the issue alive—into the 1956 presidential campaign, if possible.

President Eisenhower ordered the contract canceled yesterday after Mayor Frank Tobey of Memphis convinced him in a conference that the city intends to build its own power plant.

Coming out of that meeting, Atty. Gen. Brownell announced the government "will immediately take steps to terminate" the private power contract.

**Hearings Go On**  
But Sen. Kefauver (D-Tenn.), who heads an antitrust subcommittee which has been investigating negotiations which led to the contract, announced the cancellation "will have no effect on our hearings."

"We expect to get to the bottom of this entire matter," he said. Brownell described Eisenhower as "very happy" about the outcome. He said the President all along had wanted Memphis to build its own plant, but had been advised previously the city would not do so.

**Uncertain On Cost**  
The 107-million-dollar Dixon-Yates plant was to have been built by a private power group at West Memphis, Ark. Ground for it already has been broken.

Brownell said a settlement would be negotiated with the Dixon-Yates interests. But he said he had no idea how much the termination might cost the government.

## SEN. RUSSELL UNCONVINCED ON RESERVE BILL

WASHINGTON (P)—Sen. Russell (D-Ga.) said today "the very high brass" has not convinced him he is wrong in opposing the Pentagon's compulsory military reserve program.

"I haven't heard anything here yet to cause me to change my mind," Russell told reporters after the Senate Armed Services Committee he heads had wound up

## Court Declares Two Are Legally Dead

NORRISTOWN, Pa. (P)—Ward Wheelock, a Philadelphia advertising executive, and his son, Ian—two of seven persons who disappeared on a Caribbean yachting cruise—have been declared legally dead.

Judge Alfred L. Taxis of Montgomery County Court ruled yesterday on a petition filed by Wheelock's daughter who had requested that her father and brother be declared legally dead in order that their wills might be admitted for probate.

The yacht disappeared last January after putting out from Hamilton, Bermuda, for Antigua in the British West Indies, some 1,100 miles away.

Hearings on a new reserve program strongly urged by President Eisenhower.

He added he will continue to push his substitute plan to offer a \$400 cash bonus to any veteran who enlists in the Army or Marine Corps ready reserves.

**Can't Believe Radford**  
Russell said "I can't believe" that Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff, really meant all of his testimony to the committee yesterday. Radford said "no bill at all" would be better than the House-passed measure now before the committee, particularly if revised to include Russell's bonus plan.

The bill is aimed at bringing a four-fold increase in the ready reserve by 1960. The Pentagon asked originally for authority to give a discharge other than honorable to any former servicemen who did not keep up his reserve obligations. The House voted authority to recall such men for 45 days of active duty.

## Seeks Owner Of Wedding Ring Lost 11 Years Ago

PHILADELPHIA (P)—A Greenville, Pa., taproom owner renewed Monday his efforts to find the owner of a gold wedding ring lost about 11 years ago in the northwestern Pennsylvania city.

He told the story in a letter to a Philadelphia newspaper (The Bulletin), expressing a hope that "someone will find a final resting place for this gold ring."

"It would give me a warm feeling inside," wrote Milton Goldsmith, proprietor of the Glass Bar, 7 S. Mercer St., in Greenville.

This is the story he related: Back in 1944, a lonely soldier received a pass from Camp Reynolds, four miles from Greenville, where he was awaiting overseas shipment. The soldier wandered into the bar operated by Goldsmith's father, George, and while toying with the ring it slipped from his grasp and rolled under a heavy refrigerator that could not be moved.

The elder Goldsmith took the soldier's name, and promised to forward the ring to him later, when the refrigerator was moved. Years passed and the father re-

tired. The refrigerator continued functioning satisfactorily, and remained in place until about two years ago when it was moved for overhauling.

Underneath, in the accumulated debris of years, was the ring, engraved "M.J.O. to W.J.S. 8-2-41."

The soldier had told Goldsmith that his name was Walter J. Sione, and his address 881 N. 5th St., Philadelphia.

Milton Goldsmith remembered his father's promise, and sent a letter to Sione at the Philadelphia address. It was returned marked "Person Unknown." Now Goldsmith has enlisted newspaper aid in seeking the owner of the long-lost ring.

## DUROCHER OUT TO WIN BIG ONE THIS AFTERNOON

By JOE REICHLER

MILWAUKEE (AP)—"To win is the thing... no matter whose feelings are hurt."

"I'd like to get everybody into the game," added Leo Durocher, the National League's manager in today's 22nd annual All-Star clash, "but if I weaken my team, I won't do it."

Durocher's sentiments were echoed by Al Lopez although the American League pilot did not utter them so emphatically.

May Not Use Mays

"I'll play the best men I've got and substitute only when I think it will help us win," he said.

Neither pilot would venture any prediction on the outcome although each declared his squad represented "the greatest collection of stars any manager has ever been blessed with."

Durocher, who earlier had bypassed Philadelphia's Richie Ashburn, then the National League's leading hitter, "because I need more right-handed hitting strength," surprisingly said he may not even use Willie Mays, his own center field ace.

Switches To Roberts

"Remember what they called Joe McCarthy?" he asked. "A push-button manager, wasn't it? Well, that's what I'll be—a push-button manager. You can imagine, sending out your first team and then looking down and seeing two powerhouses like Stan Musial and Mays on the bench."

"I'll get Musial in there as soon as the rules permit me (after three innings)," Leo added. "I'll have him in left field. But I may not use Willie at all if I don't have to. I don't know. It all depends on how the game goes."

Although he professed an utter disdain for sentiment, Durocher was swayed by sentiment alone when he nominated Robin (13-7) Roberts, Philadelphia's ace right-hander, as his opening pitcher. His original choice was Don Newcombe, Brooklyn's 14-1 right-hander, but he switched to Roberts when he was informed that it would be Roberts' fifth start, tying him with Lefty Gomez for the All-Star record.

Odds On Nationals

Lopez, too, exercised the last-minute switch privilege when he decided to open up with Billy Pierce, Chicago's fine left-hander, after first deciding upon Early (11-4) Wynn, his own right-handed ace.

"I know that Pierce's record (5-6) does not look good on paper," Lopez said, "but it's misleading. Three of his defeats were by 1-0 scores, two by Cleveland. We beat him by that score last Friday but he looked great in defeat."

The odds still favored the National Leaguers who have won but eight of the previous 21 games, despite four of the last five.

## PLAYERS' PLAN TO LIMIT BONUS MEN IS DOOMED

MILWAUKEE (AP)—Major league baseball players want to clamp down on bonus babies, but their suggestion of a limit of two to a club appears doomed.

The player representatives of the American and National leagues buddied yesterday and agreed that a pair of bonus players, carried beyond the usual 25-player limit, was the way to solve a perplexing big league problem.

But although club owners concede the bonus policy is something of a bear they have caught by the tail, the sentiment is against such a restriction as advanced by the players.

The present rule requires any bonus player—one signed for more than \$4,000 yearly salary—to remain with the parent club for two years before minor league assignment.

Roberts Is Spokesman

Robin Roberts, Philadelphia Phils pitcher, expressed the view as National League player representative that the bonus system also was unfair to veteran players.

"The players feel that the bonus setup is showing too many veteran players out of jobs without actually replacing them," said Roberts, who yesterday was re-elected to a two-year term as his loop's player representative.

However, National League President Warren Giles and Frank Lane, White Sox general manager, said in rebuttal that the player proposal took the teeth out of the present bonus restriction.

"The idea is to discourage promiscuous signing of bonus players, and putting even two in the

### PULEO GAINS IMPRESSIVE WIN AS SUBSTITUTE

NEW YORK (AP)—Tab Tony Puleo as one of the better young light-weight prospects around today.

The rangy 23-year-old Brooklynite, a pro only 13 months, whacked out a decisive 10-round victory over Libby Manzo of New York in a television fight at St. Nicholas Arena last night.

Tony impressed both by his winning margin and by the smart manner in which he whipped a more experienced rival.

The votes, all favoring Puleo, were: Referee Mark Conn 7-2-1, Judge Bert Grant 8-2 and Judge Bill Recht 6-2-2. The AP had Puleo in front 9-2.

It was the ninth victory (three losses and three draws) for Puleo, who held featherweight contender Carmelo Costa to a draw on May 2.

Substitute Bout

Puleo weighed 135½, Manzo 134.

The lightweights subbed on short notice for lightweightweights Tony Johnson and Tony Anthony, Johnson was sidelined at noon Monday when he showed up with a cut over his left eye.

Matchmaker Tex Sullivan put in a quick call for Manzo and Puleo and they responded with a bruising battle for the 700 fans (gross gate \$1,226) and the televiewers.

Randy Eyerl hurled for the winners and allowed but two hits, singles by Wayne Fissel in the third and fifth innings. He fanned 10 batters.

The Lions took full advantage of seven misuses and 16 walks in scoring.

Denny Little led the Lions with a pair of safeties. Eugene Miller poked a double for the only extra base blow of the game.

Postponement of the game was decided upon following the death of William Knipke, father of a Mummaburg player. No date has been set for the replay.

Other South Penn League games tonight include Bonnewille at Wrensville, Greenmount at Brushtown, and Hunterstown at Harney.

### NAMED TO GAME GROUP

HARRISBURG (AP)—Gov. Leader

## Charles A. French Fired From \$12,500 A Year Job He Has Held For 17 Years

HARRISBURG (AP)—Charles A. French, the first and only man to hold the job of executive director of the state Fish Commission, has been fired by unanimous vote of the group and must vacate the \$12,500-a-year post by Saturday.

The 57-year-old French, who became executive director when the post was created 17 years ago, was removed from office at the commission's annual reorganization meeting yesterday.

At the same time, the commission appointed H. R. Stackhouse, administrative secretary, as executive director until a successor to French is named.

R. Stanley Smith, Waynesburg, elected president of the commission to succeed Paul Bittenbender, Kingston, said a successor would probably be named at the commission's next meeting July 25.

"The vote not to reelect Mr.

French was unanimous among the five voting members of the commission now in office," Smith said.

The five voting members consisted of four appointed by Gov. Leader and Wallace Dean, Meadville, who has served two years of a six-year term.

Leader's fifth appointee to the commission—John Grenoble, New Bloomfield—was confirmed last night by the Senate. However, he was not eligible to sit at yesterday's meeting.

Grenoble succeeds A. H. Stackpole, Dauphin, who recently resigned.

In addition to Wallace, others voting at the meeting were Smith; Albert Hinkle Jr., Clearfield, named vice president; Gerard J. Adams, Hawley; and Charles C. Houser, Allentown.

### 2 Vacancies Exist

Two vacancies exist on the eight-member commission.

French, a native of Ellwood City, Lawrence County, served as a commissioner of fish from March, 1937, until the post of executive director was established 17 years ago.

The House Wild Life and Conservation Committee recently criticized the commission for paying small salaries, lack of a stream improvement or acquisition program and lack of a public works program.

Long interested in fishing and other sports, French, prior to his commission work, conducted an experimental bass hatchery at Marlon Farms, Beaver County.

He was not immediately available for comment on his ouster.

Despite executing the first triple play of the season, the VFW dropped a 7-5 decision to the Eagles in a tight Softball League game Monday evening.

In the fourth inning Buddy Redding and R. Little reached base on walks. Harold Small then lined to Benny Little who tagged R. Little and tossed to Hixon who touched second base before Redding could return.

Neither Tom McLaughlin or Clarence Dorn, opposing pitchers, flamed a batsman. Buckley was the only hitter to secure as many as two hits.

The Texas Lunch pulled to within half game of the league-leading Moose by crushing the Elks 18-7 in the second game.

Eight runs in the third eliminated all doubt as to the outcome. Timbers led the winners with three hits in as many times at bat. Knox and Saunders each collected a pair for the Elks.

## EXPECT ONLY SLIGHT GAINS AT BIG-4 MEET

Associated Press News Analyst

WASHINGTON (AP)—Just about the best statement which could come out of the Geneva meeting among President Eisenhower and the British, French and Russians would be one which said: "We got along together and made a little progress."

To expect more than that is probably to expect too much. The Geneva meeting, beginning next Monday, is not intended to solve any big East-West problems.

With only about six days for discussions, the Big Four do not intend—at least as the State Department view it—to go into details. Rather, they will talk about problems in a general way.

They can agree on which problems the four governments can try to solve later through special commissions or meetings of foreign ministers.

At Geneva the Big Four will probably feel successful if, through their attitude and perhaps an indication of willingness to make concessions, they have been able to lay the groundwork for friendlier relations and future agreements in detail.

Arms reduction and the reunification of Germany are two of the biggest issues facing them. Agreeing on either in detail would take months.

The schedule itself, as it stands now, will give an idea of how the conference will be held:

Next Monday, July 18, Eisenhower, British Prime Minister Eden, French Premier Faure and Russian Premier Bulganin will meet twice, in the morning and again in the afternoon. It will be the only day at Geneva when they meet twice.

Starting Tuesday, their foreign ministers—Dulles of the United States, Pinay of France, Macmillan of Britain, Molotov of Russia—will meet in the morning by themselves.

### Will Lunch Together

The Big Four will lunch together Tuesday and every following day and then have their formal session each afternoon, accompanied by their foreign ministers. Only one formal dinner is planned. The Swiss government is giving that.

There's nothing to stop the Big Four from getting together in the evening for some conversation but that isn't planned.

The foreign ministers are likely to end their sessions when the Big Four quit. But they can arrange to meet again whenever they wish.

## Slayers Appeal Is Rejected By Court

PHILADELPHIA (AP)—The U.S. Circuit Court of Appeals has refused to grant a rehearing on its decision of June 9 rejecting David Darcy's latest appeal for a writ of habeas corpus to escape the electric chair.

The court had ruled 4 to 3 in a previous decision that the convicted slayer had a fair trial in the Bucks County Court and that his conviction and sentence were in accordance with the law.

In a routine order yesterday, the same four judges refused to reconsider the decision. And the three who dissented last month dissented again today.

Darcy, who has had 23 stays of execution during a seven-year fight against his conviction, can apply to the U.S. Supreme Court within 90 days for the review of the circuit court's ruling.

## MAY RAISE GAS TAX TO PAY FOR ROAD BUILDING

WASHINGTON (AP)—Key House members said today they expect the Eisenhower administration to accept, as second choice, a proposal to raise gasoline and like taxes almost a billion dollars a year to help pay for huge road-building program.

A House Public Works subcommittee has proposed increases in taxes on gas, diesel fuel, trucks and tires as a means of financing President Eisenhower's proposed 33-billion-dollar plan to modernize the nation's highways—particularly the interstate network—over the next 12 years.

Committee members said they understand this is the administration's position:

### Prefers Original Plan

The President still prefers his original proposal to finance the program by creating a special corporation which would sell long-term bonds. These would not be subject to the national debt limit. Such bonds would be repaid by road tolls.

But if Congress should refuse to approve the bond plan, the administration would go along with a proposal to raise tax revenues so road building would be financed on a pay-as-you-go basis.

The Senate already has turned down Eisenhower's bond idea, adopting instead a substitute bill calling for a big increase in the present federal-aid highway program.

ADVERTISE IN THE TIMES

## PROPOSES CODE FOR SUMMER CAMPS IN PENNA.

HARRISBURG (AP)—Sen. Stiefel (D-Phila.), who believes regulation of children's summer camps in Pennsylvania is "most archaic," today proposed a code as a health measure.

Stiefel said he will join with Sen. Lane (D-Washington) in drawing up the code to be presented in the Senate possibly by next week.

"Some operators of private children's camps are pulling in \$30,000 to \$40,000 without doing anything during their eight-week season," Stiefel said in an interview.

In order to insure children and their paying parents of good service in summer camps, Stiefel said, the state health and welfare departments should be given the responsibility of checking food, sanitation and other facets of summer camp life.

### 45,000 Use Camps

Qualifications of camp counselors should be emphasized for equitable administration of summer camps, Stiefel declared.

Stiefel suggested certification of summer camp counselors by the Department of Public Instruction. Stiefel estimated that some 45,000 children a year go to summer camps in Pennsylvania.

He said he had no criticism of such organizations as Boy Scouts, YMCA's and similar groups which sponsor summer camping sessions but that "profiteering" private groups should be regulated.

Such a code, he said, would be the first in any state.

## Planes Equipped For Trip To South Pole

JACKSONVILLE, Fla. (AP)—Five aircraft for the Admiral Byrd expedition to the South Pole in November are getting cold weather fittings—including "bathtubs"—at Jacksonville Naval Air Station.

Two transports and three helicopters are being outfitted here. The helicopters are adapted to withstand the antarctic cold which drops to 60 below zero.

The Navy hopes to insure comfort for the transport crews with special heating equipment. The units also defrost the windows of the pilot's cabin and the so-called "bathtubs" which are built into the plane's belly to house the cameras.

The planes are doubly insulated inside and special electronics gear added.

Farm experts say ewes should be bred as soon as possible after the lambs are sold.

## SEN. THURMOND FAVORS ARMY RESERVE PLAN

WASHINGTON (AP)—Sen. Thurmond (D-SC) Monday backed the Eisenhower administration's fight in the Senate for an expanded military reserve law which would include compulsory training for peacetime veterans.

Thurmond joined Defense Department officials in supporting the plan at a Senate Armed Services Committee hearing.

He spoke out against an alternative proposal by Sen. Russell (D-Ga.), the committee chairman, to eliminate the compulsory feature and offer a \$400 bonus to men leaving active service who volunteer for duty in Army and Marine Corps combat-ready reserve units.

"I don't think patriotism can be bought," said Thurmond, former national president of the Reserve Officers Assn.

### Russell Defends Plan

Russell said his proposed amendment was intended to keep the same men from being called back for repeated terms of service while there are "increasing thousands who have never had a uniform on

for one day."

Russell contends his plan would provide enough incentive to build up a strong reserve.

"I'm in favor of any kind of compulsion that is necessary," Russell said. "I just don't want to apply the compulsion to the same man all the time."

The committee heard Thurmond and Pentagon spokesmen on what was planned as the final day of testimony on a House-passed bill to expand the nation's 700,000-man reserve to a force of 2,000,000 by 1960.

Thurmond, a veteran of more than 27 years as an Army reserve officer, said adoption of the administration bill "would serve immeasurably to strengthen the hand of the President" at the forthcoming Big Four summit talks in Geneva.

Russell contends his plan would provide enough incentive to build up a strong reserve.

"I'm in favor of any kind of compulsion that is necessary," Russell said. "I just don't want to apply the compulsion to the same man all the time."

## SAYS EINSTEIN ASKED END TO ATOM WEAPONS

LONDON (AP) — Just before his death, Albert Einstein and eight other scientists signed an appeal to world rulers to end war lest nuclear weapons destroy mankind.

Bertrand Russell, the 83-year-old British philosopher who is now an Earl, drew up the statement. He disclosed its wording and the details connected with its signature at a news conference attended by 200 persons.

Russell said he received Einstein's signature to the document a day before the propounder of the theory of relativity died in the United States on April 18.

The statement said: "In view of the fact that in any future war nuclear weapons will certainly be employed, and that such weapons threaten the continued existence of mankind, we urge the governments of the world to realize, and to acknowledge publicly, that their purposes cannot be furthered by a world war, and we urge them, consequently, to find peaceful means for settlement of all matters of dispute between them."

Russell, who was one of the signers, issued the statement at a news conference.

Einstein's scientific studies led to the development of the atomic bomb and eventually to the hydrogen bomb, which he called "the very essence of evil."

In addition to Russell and Einstein, the signatories to the docu-

ment were:

Prof. P. W. Bridgman of Harvard, Nobel Prize winner for physics.

Prof. H. J. Muller, formerly a professor in Moscow and India, and now at the University of Indiana.

Prof. L. Infeld, University of Warsaw and member of the Polish Academy of Sciences.

Prof. Hideki Yukawa, professor of Kyoto University and Nobel Prize winner for physics.

Prof. Joseph Rotblat, professor of physics at London University.

Prof. C. F. Powell, of Bristol University, England.

There were nine rejections. They were:

Lord Adrian of Britain, physicist at Trinity College, who said it would prejudice his job.

Prof. Alexander Haddow, British professor of experimental pathology, who gave the same reply.

Niels Bohr, the Danish physicist and Nobel prize winner, who said no "because no attention was paid to his own open letter to the United Nations."

Dr. H. J. Bhabha, Indian nuclear physicist, who said signing might prejudice his official work.

Max Born, German scientist and interpreter of Einstein, who has "his own scheme afoot."

Prof. Otto Hahn of Germany, Nobel prize winner for chemistry, who Russell said also had a scheme of his own.

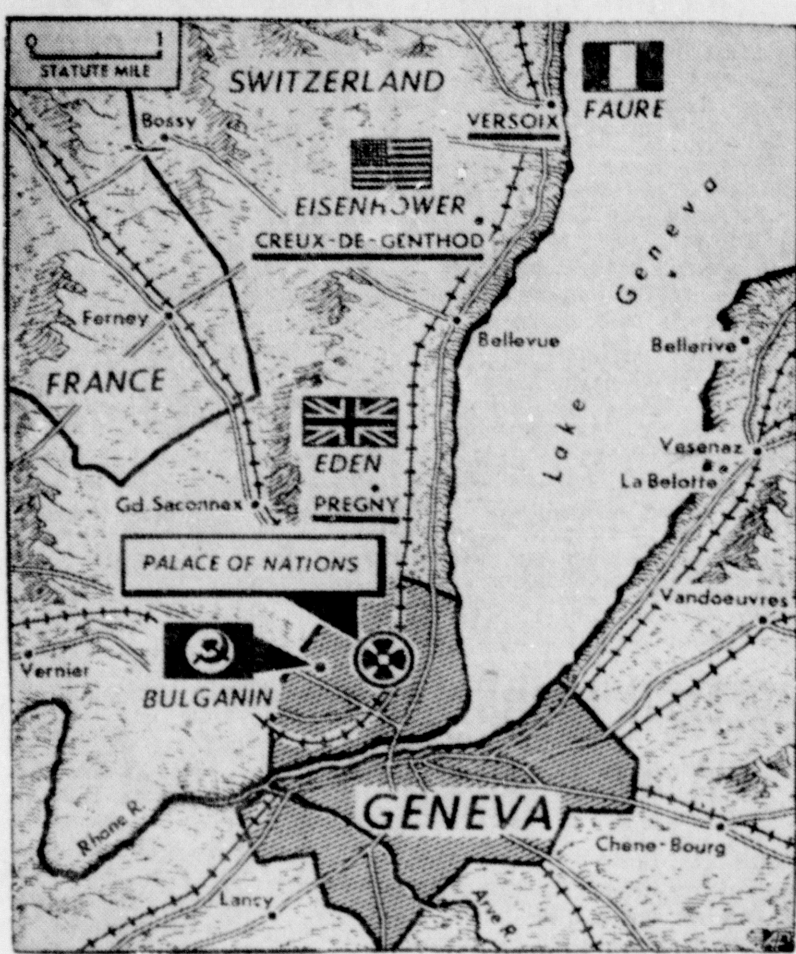

Dr. W. Pauli—background not given—who "doesn't think a congress will do any good."

Dr. Karl Manne Siegbahn of Sweden, physicist, who said "No. No use."

Soviet academician Skobel'tzyn who said no, but was in agreement with the idea.

Russell said he received no reply

## LAW BREAKS UP BACKYARD ZOO OF 12-YEAR-OLD

BALDWIN, N. Y. (AP) — Andy Burr, 12, has a love for animals strong and true, but the power of town officials, who frown on his backyard zoo, is stronger.

Andy and neighborhood pals had worked hard to house and care for a collection of animals, including four rabbits, a deodorized skunk, two raccoons, a fox, a pig, three squirrels, a prairie dog and a coyote.

When the Hempstead Town Zoning Board ordered the zoo disbanded, Andy's heart was broken. With tears in his eyes the boy stood among his pets on Sunday and said:

"They're not hurting anybody. They're just here in the back yard and they don't smell and they don't make noise at night and they're not hurting the zoning board any."

### Violates Zoning Law

Still the zoning board says the animal collection violates a city ordinance.

A home has already been found for the four rabbits. Slated to go next were two raccoons named Tree Top and Tree Stump.

But Andy expects to have trouble getting ride of some of his other four-legged friends. For instance, he says, what can you do with a coyote, even a nice friendly one like "Tex."

Tex and several other animals were bought from a New York dealer. Andy's father, a builder,

## Burglar Killed By Cop At Wilkes-Barre

WILKES-BARRE, Pa. (AP) — A 23-year-old man was shot and wounded critically in nearby Trucksville Monday while attempting to escape from a service station he broke into.

A woman saw Arthur Shafer of Shavertown enter the service station and called state police at Wyoming barracks. Shafer spotted the police and crashed through a window in a getaway attempt.

Pfc. Edmund Gans fired once in the air and when Shafer failed to stop the trooper brought him down with a burst from his .38 caliber revolver. Shafer was removed to Nesbitt Memorial Hospital in Kingston where an emergency operation was performed.

## Deputy Secretary Of Defense Resigns

WASHINGTON (AP) — Robert B. Anderson of Texas resigned Monday as deputy secretary of defense, effective about Aug. 15.

The White House, announcing the resignation, said President Eisenhower was accepting it "with the greatest reluctance."

It said no successor had yet been chosen. However, Murray Snyder, assistant press secretary, said the President would make a nomination to the post before Congress adjourns, possibly about Aug. 1.

There have been reports that Anderson would be succeeded by Reuben B. Robertson Jr., Hamilton, Ohio, paper company executive.

considers animals a good hobby for a boy and helped his budding zookeeper build up the collection.

Andrew Burr Sr. says Nassau County is getting too crowded when a boy can't keep pets in his back yard and the family may move some place where life is less restricted.

### Gave To Poho Fund

On July 4 the youngsters opened their zoo to the public. They charged 20 cents admission and collected \$18 for the local polio fund. The next day the zoning board came around and gave Andy one week to break up the zoo.

Until they go, it will be a heavy-hearted boy who plays with good friends like Red, the fox, and Josephine, the pig that just loves to have her chin scratched.

U.S. production of coal in 1954 averaged 2½ tons for every person in the country.

## REPORTED CALM NORTHERN LAOS

SAIGON, South Viet Nam (AP) — The situation in northern Laos was reported calm Monday, with no new engagements between Nationalist forces and those of the Vietminh-supported Pathet Lao.

The government news agency, Viet Nam Press, in a dispatch from Vientiane, the Laotian capital, said the 24-hour halt in operations coincided with an appeal from the International Armistice Commission to cease firing. The reinforced Nationalists are, however, in a state of alert ready to parry any new Pathet Lao thrust.

Sources close to the high command at Vientiane suggest that the government's energetic reply to the use of force had disconcerted the attackers.

During military talks at Vientiane at the end of June—which now have been broken off—the Pathet Lao is reported to have insisted that the National army withdraw from the two northern

## Harrisburg Hotel Is Robbed Of \$100

HARRISBURG (AP) — Two "polite" gunmen were sought by police today for a \$100 holdup of the Harrisburg Hotel.

Police said two young men appeared at the hotel desk on Sunday inquiring for a room, but that one of them drew a pistol and held it on the employees while the other searched for money.

He found \$100 in cash but failed to spot a safe containing the day's receipts. They herded two employees into an elevator before they fled.

Mrs. Kathryn Miller, on duty at the desk at the time, describe the gunmen as "very polite all the way through." Asst. Mgr. Arnold E. Maloy said they were "evidently inexperienced."

provinces of Sam Neua and Phong Saly. These provinces were designated by the Geneva conference as regroupment areas for the dissident Pathet Lao but the Laotian government's sovereignty over them had been conceded.

## CHALLENGES ANYONE TO CUT SCHOOL BUDGET ITEMS IN PENNA.

HARRISBURG (AP)—Rep. Polen (D-Washington) today challenged "anyone" to show where cuts can be made in a proposed \$23 million dollar appropriation for schools, largest single item in Gov. Leader's budget.

The chairman of the House Appropriations Committee, who less than two months ago said he never saw a budget that couldn't be chopped, told a newsman:

"I have to eat those words now. I defy anyone, including Republicans, to come up with an idea to make a specific cut in this appropriation for public education. Hard facts won't let you cut it."

## Ready For Floor

Polen's committee was ready to send the huge \$23 million dollar education bill, principally for state aid to schools, to the floor.

It was part of an overall political plan by the House Democrats to put the bill to a vote. If Republicans went along with this and other appropriations without cuts, then the Leader administration would use those votes for ammunition in behalf of the classified income tax.

Rep. Readinger, House Democratic floor leader, said a new showdown on the \$411 million dollar income levy may come next week.

## Uncertain On Income Tax

He predicted the House Ways and Means Committee would approve the income tax next Monday for floor action but hedged when asked if he had enough votes to pass it in the House.

Meanwhile, the lawmakers returned last night from a week's recess facing a heavy calendar.

In the Senate, Republicans put off until next week a decision on a House-passed bill to ban discrimination in employment because of race, creed, color, national origin or age.

The age factor is a new one in the House-passed bill. It was injected into the fair employment practices fight by the Senate Education Committee.

## Special Message

The disagreement among Senate Republicans on whether it should remain part of the administration bill brought about the decision to postpone the vote for a week. There were suggestions that other amendments should include a ban on job discrimination because of sex, selective service status and physical handicap.

The governor, in a special message last night, urged that the problem of age discrimination be dealt with in separate legislation. He asked that it be removed from the FEPC bill.

In the House, a 185-13 vote saw final passage of an administration plan to increase the size and number of roadside rests in Pennsylvania. The bill went to the Senate.

## Only Shadow Left

The House last night received the General Appropriation Bill totaling about 280 million dollars.

That figure is only a shadow of the huge sums it totaled in the past. But big grants—623 millions for public instruction, 195 millions for the welfare department and 138 millions for public assistance—have been stripped from it for separate votes.

And, in contrast to other years, the General Appropriation Bill isn't the harbinger of early adjournment. In previous sessions, it was one of the final bills introduced. That isn't so this year because of the prolonged tax deadlock.

Monday is "Fatal Day" Readinger, in calling for Ways and Means Committee action on the income tax next Monday, described the date as "the fatal day."

He and other Democratic leaders have maintained the classified income plan will not be brought up for a vote until there were the minimum constitutional majority of 106 votes to pass it.

Asked if that time had arrived, Readinger replied:

"We're very close. We're right around there (106 votes). We might be a little low or a bit above and I'm not saying which."

## LOOK TO SENATE ON FOREIGN AID

### WASHINGTON (AP)—

Rebuffed despite a special appeal to the House, administration leaders looked hopefully to the Senate today to restore deep cuts in foreign aid appropriations.

But their hopes were none too bright. Some influential senators already have demanded additional cuts in the \$2,638,741,750 voted by the House yesterday to finance the aid program for the current bookkeeping year which ends next June 30.

## BLACKMAILER IS BEING SUED

YORK, Pa. (AP)—A hearing on an equity suit to prevent John Franklin Huber, sentenced blackmailer, from disposing of a 6½ acre chicken farm has been continued until next Monday to allow rival attorneys more time "to look further into the case."

Judge Walter I. Anderson, of York County Court, postponed the hearing yesterday at the request of court-appointed attorneys for Huber, now serving an 18-6-year term in Eastern State Penitentiary.

The suit was filed by Darmstadt's Inc., Lancaster electric appliance firm from which Huber's former wife admitted embezzling

\$100,000 to pay "hush" money to Huber.

Store officials said they believe some of the money the former Mrs. Huber embezzled was used to purchase the \$15,000 farm at York R. 7.

The 49-year-old Huber recently pleaded guilty to the blackmail charges and was sentenced by President Judge Joseph B. Wisler, of Lancaster County Court. Mrs. Edward Hassel, Huber's former wife, said she gave the money to Huber so he wouldn't tell her mother about their marriage.

### HORSE AND BUGGY PERIL

LIGONIER, Ind. (AP)—Indiana state police report: The right shaft of a buggy being driven by Mrs. Levi Miller broke and the horse ran away. The buggy upset. Mrs. Miller had a dislocated hip and cuts and her son, Danny, 9, had cuts.

## Seek To Have U.S. Buy Coal In State

HARRISBURG (AP)—The House has adopted a resolution seeking federal purchase of 60 million tons of Pennsylvania anthracite in the next four years.

The bipartisan proposal was sent to the Senate for concurrence yesterday.

Under its provisions the Legislature would urge Congress to provide for the purchase.

It states that the preservation of existing anthracite mines is a vital and necessary investment in national defense because the foreign supply of fuel oil, so vital in time of war, could be cut off easily.

Sponsors are Reps. Stank (D-Northumberland) Bonner (D-Carbon), Knecht (R-Schuylkill) and Kehler (R-Schuylkill).

**ARM INJURY**

KNOXVILLE, Tenn. (AP)—Three times in nine months, Benny Heiskell, 7, fell and broke his left arm. Then, with the arm still in a cast, a car hit him and knocked him kerplunk on the right arm. He walked away with a minor shoulder scrape.

**WOOD RAILS LAST**

SALEM, Ore. (AP)—Workmen digging a water main ditch came upon streetcar tracks unused for 40 years. The tracks, on a roadbed of bricks, were in excellent condition the men said—and were of wood.

Liam H. Avery (R-Kan.) prepared to deliver to the President a petition urging him to seek a second term.

*How much can you save?*

"Not as much as I'd like to" is the standard answer. But wait: Count the little, unnecessary expenditures that you've simply got into the habit of making—and figure their dollar total for a year. You're likely to find it's considerable.

How many of those expenditures—how much of that total—could you forego without any real pain? That's how much more you can save, with a very little effort—if you will.
